

The next speaker, Dr. E. J. M.L.A., of St. Catharines, who for past fifteen years has represented the people of Lincoln county in provincial house, was present. He expressed regret that party deemed it advisable to divide the county into two electoral districts.

Why Do Women Suffer

When They Could Be Well?

It is so easy to be well and strong and able to enjoy life, that it is surprising how many women drag themselves through the day suffering tortures from lame back due to kidney trouble. Mrs. Wilcox found the way to cure herself and gladly writes about it so that others may be induced to use the same remedy.

BIG LORRAINE.

"During the last winter, I was bothered very much with a Weak Back. I was advised by a friend to try GIN PILLS and I did. The first box I found helped me very much and I found when I had taken the second, I was completely cured."

Mrs. P. WILCOX.
If GIN PILLS do not do all that we say they will—let us know, and we will cheerfully refund your money. Send for a free sample and see for yourself that they will do you good. Then buy the regular boxes at your dealers—50c, 6 for \$2.50.

RECITAL

Another of the many complimentary recitals given by F. M. Howard, will be held this Thursday in Snettinger Hall. An excellent program of piano, violin, voice, string quartet and reading, which is expected will excel all previous efforts, will be given on this occasion.

A good deal of interest is shown in the first appearance here of Miss Ethelwyn Cunningham, who has graduated from the Emerson College of Boston, and has the honor of attaining the much coveted gold medal given in reading at this college. No admission fee will be charged, but children must be accompanied by their parents.

Grimsby Honored

(Continued from page 1)

GRIMSBY is highly honored over the visit of this distinguished party and the benefit that this town will receive through the great amount of advertising it will get from this visit cannot be estimated in figures.

The party came to St. Catharines by special cars on the N. St. C. & T. Railway and were motored through to GRIMSBY as the guests of the St. Catharines Motor Club, to whom the citizens of GRIMSBY give hearty thanks for bringing this party to our midst.

At the Village Inn tea was served and Mr. John Howitt saw to it that the distinguished guests were served with some of GRIMSBY's own fruits of all kinds especially prepared by Mr. Howitt for occasions of this kind.

During the time the party were at the Inn the streets were thronged with people all eager to catch a glimpse of the men who were going to settle the Mexican trouble. Every small boy in town was present and soon secured all the vantage points of view. Cameras were as thick as bees in a clover field, in fact, they were nearly as thick as newspaper men and the scene was pretty thick.

Several photographs of the party were taken on the steps of the Village Inn by Photographer Caldwell, and there is no doubt but what they will receive a ready sale. In talking to the INDEPENDENT one of the ladies in the party, who, by the way, was a daughter of the Children's minister, stated that the district from St. Catharines was one of the most beautiful pieces of country that it had ever been her pleasure to see. When asked what part of the district she liked the best she replied that the piece of country from about three miles east of GRIMSBY to the town was the most magnificent she had ever seen and the homes were most delightful.

GRIMSBY should be proud of their little town, as it is not often that it falls to the lot of a town or village or even a city to have such a nation-wide party visit it. Toronto has tried its very hardest to get this party to visit their city, but so far, they have failed. GRIMSBY should be proud of its wonderful little hotel, and of its owner, Mr. John Howitt, for there is no doubt but that the Village Inn was the magnet that drew the party this way, for had it not been here, the chances are that the St. Catharines Club would have turned right around and drove east again.

The amount of advertising that GRIMSBY will receive from this visit cannot be estimated. Every newspaper in every big city in America have representatives following this party around and all the big Press Associations have large corps of writers and photographers on the job all hours of the day and night.

GRIMSBY should be proud to think that this party would visit it and we all must give our thanks for their visit and hope for them to come again.

"SOME HAV'E MEAT, AND CANNA EAT"

So Bobby Burns tersely describes the rich, but still poor, dyspeptic. But their case is not now so desperate as when Burns wrote. For the man who has the food now can eat without suffering for it, if he just follows the meal with a Na-Dru-Co Dyspepsia Tablet.

These remarkable tablets banish the troubles of the chronic dyspeptic—the man who is bilious—the sufferer from heartburn, gas on the stomach or occasional indigestion. You can eat hearty meals of wholesome food—and digest them, too—if you take Na-Dru-Co Dyspepsia Tablets.

Compounded by expert chemists, after probably the best formula known to medical science, they are quick and certain in their action, giving prompt relief from all forms of stomach trouble, toning up and strengthening the digestive organs and bringing about permanent cures.

A man is no stronger than his stomach. Fit yourself for your best work by taking Na-Dru-Co Dyspepsia Tablets, 50c. at your druggist's. National Drug and Chemical Co. of Canada, Limited, Montreal.

hearers that it would need a great deal of work on their part if they expected to achieve success. It was not in their riding an while he was willing to add the would also be willing to render any assistance or to do the as distance nominated. He thought that the members of the association if the money work with a determination into could accomplish almost anything.

Birmingham
R. Birmingham, one of the Conservative organ address on organization an eloquent which he has been con-work—with the past ten years. In his opinion the polling sub-divisions should be canvassed and worked to their limit. It has been his experience that English speaking people of the various counties of coming into were almost invariably Ontario, and had it not been for these people, he said, the majority of the Conservative party obtained that the property elections would not have been so large. Things of this nature should not be neglected. It was an easy matter to get into touch with them—it was, however, a question of getting to them first.

In his opinion an election was in sight and it would be held soon. As the date he could not even intimate, to the time it was believed by both save that one was soon forthcoming in view of this the Conservatives throughout the country should be reminded of the splendid work that Sir James P. Whitney and his trustworthy supporters have done for Ontario during the years which he had been in power. He referred to the Workmen's Compensation Bill, which Sir James had succeeded in having passed—a bill which met with the approval of almost every manufacturer in Ontario.

What did the Liberals do to better conditions when they were in power? he asked. Take, for instance, the temperance question that N. W. Rowell has been fighting for. Why did he not do something in this direction at a party when it was in power some time ago? To his mind it was only a loophole through which he expected to win the sympathy and support of the people of this province in the event of an election.

In conclusion, he stated that the work of organization should be started immediately, as there was probably a great deal to be done and many people to be interviewed. To his mind the Conservative party would be returned with even a larger majority than ever before, should an election take place.

Nomination Deferred
Short addresses were given by a number of others, after which the question of selecting a candidate to represent the association in the next election was taken up. While many were in favor of making the selection at this meeting, it was pointed out that a big mistake might be made if that were done, in view of the fact that the association had not been properly organized. A resolution was passed that this matter be deferred until the next meeting or until such time as the president should deem it advisable.

Officers Elected.
In the election of officers for the ensuing year, a great deal of interest was manifested and many names were offered, with the result that the following were elected: J. D. Bennett Beamsville, hon. president; Levi Moyer, Beamsville, president; Michael Dalton, Pelham, vice-president;

LIFE THREATENED BY KIDNEY DISEASE

His Health in A Terrible State Until He Took "Fruit-a-tives"

B. A. KELLY, Esq.

HAGERSVILLE, ONT., Aug. 28th, 1913.

"About two years ago, I found my health in a very bad state. My kidneys were not doing their work, and I was all run down in condition. I felt the need of some good remedy, and having seen 'Fruit-a-tives' advertised, I decided to try them. Their effect I found more than satisfactory. Their action was mild and the result all that could be expected. My kidneys resumed their normal action after I had taken upwards of a dozen boxes and I regained my old-time vitality. Today, I am as well as ever, the best health I have ever had."

R. A. KELLY
"Fruit-a-tives" is the greatest Kidney remedy in the world. It acts on the bowels and the skin as well as the Kidneys and thereby soothes and cures any Kidney soreness.

"Fruit-a-tives" is sold by all dealers at 50c a box, 6 for \$2.50, trial size 25c, or will be sent on receipt of price by Fruit-a-tives Limited, Ottawa.

Jas. Walker, Jr., South GRIMSBY, secretary and Jacob Fisher, Calver, treasurer.

After the installation of officers the question of selecting a place to hold the convention was discussed. While it had practically been decided upon to make the headquarters at Beamsville, James Livingston of GRIMSBY, thought that Smithville would be a better place. Beamsville was, however, selected, unless the executive decide in favor of some other place.

Smooth Out the Ruts

HOW soon will your roads, that now take the heart and soul out of every man and horse that uses them, be made into a continuous stretch of road that you and everyone in your county will be proud of?

How soon will you stop filling the ruts and mud holes with your road taxes, and build roads that will permit you to put your road taxes into more good roads?

Concrete Roads

cost no more to build than any other good road, and their upkeep expense is practically nothing, which makes them the cheapest kind of good roads.

Concrete roads benefit the farmer, consumer, merchant, newspaper, board of trade and railroad. They make for greater prosperity generally, by increasing land values and production; bringing more trade; more industries; more employment; greater traffic. They decrease the cost of marketing. All of these factors combine to decrease the cost of living.

Every citizen owes it to himself to investigate the advantages of concrete roads and learn how they will directly benefit him. This information is free for the asking. Write for it to

TORONTO WOMAN WELL AGAIN

Freed From Bearing Down Pains, Backache and Pain in Side by Lydia E. Pinkham's Compound.

Toronto, Ont.—"Last October, I wrote to you for advice as I was completely run down, had bearing down sensation in the lower part of bowels, backache, and pain in the side. I also suffered terribly from gas. I took Lydia E. Pinkham's Vegetable Compound and am now entirely free from pain in back and bowels and am stronger in every way. I recommend Lydia E. Pinkham's Compound highly to all expectant mothers."—Mrs. E. WANDY, 92 Logan Avenue, Toronto, Ontario.

Consider Well This Advice.
No woman suffering from any form of female troubles should lose hope until she has given Lydia E. Pinkham's Vegetable Compound a fair trial.

This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for nearly forty years proved to be a most valuable tonic and invigorator of the female organism. Women residing in almost every city and town in the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (Confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

THE CHINCH BUG
The Experimental Farms Branch of the Department of Agriculture has issued Entomological Circular No. 3, entitled "The Chinch Bug in Ontario." This has been prepared by Mr. H. F. Hudson, Field Officer of the Entomological Service. In the United States

the losses due to the ravages of the Chinch Bug, during the last sixty years, considerably exceeded \$350,000,000. Fortunately no very serious outbreaks have, as yet occurred in Canada, but the insect has established itself in Middlesex County in Ontario, and has been reported also from Nova Scotia. The Circular, therefore, is timely and discusses the methods to be adopted in order to control the insect. In 1912, an investigation of the infested area in Middlesex county was made by the above Field Officer, and the life-history of the insect, etc., was studied. In the Circular the information gathered during the investigation is given. Preventive measures, such as clean farming, rotation of crops, etc., are discussed, as well as artificial remedies. Copies of the circular may be obtained free of charge from the Publications Branch, Department of Agriculture, Ottawa.

CUTS & SORES.

Apply Zam-Buk to all wounds and sores and you will be surprised how quickly it stops the smarting and brings ease. It covers the wound with a layer of protective balm, kills all poison germs already in the wound, and prevents others entering. Its rich healing herbs cause them to build up from the bottom, flush things and in a wonderfully short time the wound is healed!

See that's popularity is based on such indications as ever work cures. It's not a new thing. "Zam-Buk" is a product of every part of the human body. It's all others, the all drugstore and chemist or Zam-Buk Co., Toronto.

FRUIT GROWERS!

Order your baskets from the people who use the very best material that money will buy, who know good material when they see it, who have the best bunch of makers they can hire, who made a record last year of keeping their word good with every grower and made the best basket ever made and are sticking to this record this year, who understand the basket business from the stump till the basket is delivered, who load every basket personally, who are basket makers themselves and are on the job every day and all the time. Don't make the mistake of buying any old kind of basket because it happens to be a little cheaper and run a big chance of losing your fruit before it reaches the consumer, but have the best and strongest basket in the market—

THE T. H. & B. FR. M. SMITHVILLE TO DUNNVILLE

Dunnville, May 12.—The Town Hall was filled with citizens Tuesday evening, who were unanimous in asking Council to submit a by-law to raise sufficient money to purchase a right of way into the town for the extension of the T. H. & B.

Mayor Penny called on Mr. G. H. Orme to make the report of the committee of the work which the committee appointed last week were requested to undertake.

Mr. Orme stated that all the property owners on the strip of land required, from Bridge St. to Niagara between Canal St. and the Feeder, had been interviewed, and with only a few exceptions, satisfactory arrangements had been made for their vacating the land at a fair price. Taking the owners' valuation, the cost would amount to \$29,150, but the committee were confident that this amount would be reduced to \$25,000 and they were prepared to guarantee that this sum would be sufficient.

The railway company was ready to commence building operations at once, and had promised to have trains running into Dunnville over the line from Smithville, before December of this year.

The T. H. & B. will construct at the corner of Bridge and Canal Sts. a handsome station costing \$30,000 and a large brick freight house to cost \$10,000. Three passenger trains will be run every day to make connections with the trains on the main line.

Other points of entering the town had been suggested to the railway company, but they had declined to accept any other than the one proposed. Mr. J. W. Holmes was strongly in favor of the road, and asked that the mistake of some years ago in not securing the entrance of the M. C. R. be not repeated, leaving the town for many years more at the mercy of one railway. He gave all the credit for having brought the proposition to its present point to Mr. W. J. Atkins, who, he said, for some years has been quietly working to this end.

To the suggestion that the sum granted to the D. W. & B. be applied on the amount required, Mr. Orme stated that there was a strong probability of its ultimate completion, and this would mean the bringing of electric power to town, an inestimable benefit.

The committee, finding that the opinion of the people was for granting the site to the railway, decided to meet Mr. Decleay, president of the T. H. & B. in Buffalo on Thursday and enter into an agreement for the construction of the road.

Protect the Heart From Rheumatism

RHEUMA PURIFIES THE BLOOD AND THROWS OFF COMPLICATING DISEASES

Weakening of the blood tissues by continued attacks of rheumatism affects the heart and produces complications which result fatally. RHEUMA puts the blood in condition to ward off other diseases and eradicates Rheumatic conditions from the whole system. Recommended for all forms of Rheumatism, 50 cents at W. M. Stewart Drug Co.'s store. This letter will convince you of its great value:

"For nine weeks I was unable to work owing to my feet being badly swollen from Rheumatism. I also suffered severe pains in the back. After using two bottles of RHEUMA the Rheumatism has entirely left me."

A CLEAN-UP SONG

If there's rubbish in your home,
Clean up!

Scrub the place from "pit to dome"
Clean up!

Throw your heart into the plan,
Make the place look sleek and span—
Clean up!

If there's cobwebs on your heart,
Clean up!

"Clean-up time" is here, so start—
Clean up!

Deeds of mercy show today,
Give your better self fair play,
Dig the gold out of your clay—
Clean up!

If there's venom in your breast,
Clean up!

Give your enemies a rest—
Clean up!

Scale Hate's rust and free the mind,
Cut Love's kernel from Spite's rind,
Win your foes by being kind—
Clean up!

There is One who seeth all—
Clean up!

Does he think you great or small?
Clean up!

Throw off pride and play the man;
Join the Clean-Up Caravan;
All must die and Life's a span—
Clean up!

—Franklin in Philadelphia Ledger.

POWDERY SCAB OF POTATOES

Some time ago it was found that there existed in the eastern provinces of Canada, viz: Prince Edward Island, Nova Scotia, New Brunswick and Quebec, a disease of the potato tuber known as Corky or better Powdery Scab, which had probably been present, at least in some localities, for a number of years, but not distinguished from the disease known as Common Scab.

While this disease, under Canadian conditions, has so far only in one instance, given indications of being more destructive than Common Scab, it is, nevertheless, a very undesirable malady to have permanently established in potato growing land. As a result of the discovery of Powdery Scab, the United States authorities, through fear of introducing the disease, have enacted that potatoes shall not enter the United States except under a rigorous system of certification, which includes a certificate to the effect that the potatoes were raised in an area in which neither Potato Canker nor Powdery Scab exists. If the export with the United States is to be regained in face of the existing regulations the methods directed towards the eradication of the Disease must be followed intelligently and in a thorough spirit of co-operation.

In order to familiarize the farmers of Canada with this disease Mr. J. W. Eastham, Chief Assistant Botanist of the Central Experimental Farm has prepared a comprehensive circular entitled Powdery Scab of Potatoes, which is Farmers' Circular No. 5 of the Division of Botany and is available to all who make application for it to the Publications Branch of the Department of Agriculture, Ottawa.

The nature, symptoms and preventive methods are fully outlined and the following summary of recommendations for control of Powdery Scab are given:

1. Use only "seed" from a crop free from the disease.
2. Disinfect such "seed" to destroy any stray disease germs.
3. Use land known to be free from the disease. In most areas this will have to be land not previously planted to potatoes.
4. Do not plant potatoes again in land which has shown the disease. If possible, seed such land down to grass.
5. Isolate the crop from any field showing the disease and take all possible precautions to avoid the spores from this crop scattered where they infect other potatoes.
6. Pay special attention to the cleaning and if necessary, disinfection of implements which may carry the disease.

THE BATTLE OF WATERLOO
I have been joked a number of times about my Scotch half, so I went over to Toronto on Monday and looked up a cousin of my mother's, a

NO ALUM

Scotchman by the name of George Macdonald (and by the way, he speaks Gaelic, and two other Scotchmen in his office do too). My grandfather was Donald Macdonald and my great grandfather, Lieut. Alexander Macdonald of the 66th Highland Rifles, who with his regiment fought in the battle of Waterloo. He came to Canada and settled in Gengarry county and then moved to a place called Mara, where he died in 1846. On my grandmother's side, they were Nelsons, coming from Dundee, Scotland, about 1850. My uncle, Peter Nelson, was station master at Hamilton and Dundas a short time after the Great Western was built. That's the half that does all the buying and the Irish half does all the selling for the store.

STONE YCREEK
(Too late for last week)
On Tuesday last the combined branches of the Woman's Auxiliary of Bartonville, Burlington Beach, Van Wagner's Beach and Stoney Creek met at the Parish Hall. Reports were given of the Diocesan annual meeting just held at Hamilton and contributions were brought in towards the missionary bales which will be packed and sent to Day Star Indian Reserve, Sask. After the meeting the members were entertained at the rectory.

The annual meeting of the W.M.S. of the Methodist church was held on May 12, when Mrs. J. H. Lee was appointed delegate to the branch meeting at Brantford and the following officers were elected: Hon. Pres., Mrs. Rev. Daniels; Pres., Mrs. W. H. Simpson; First Vice Pres., Mrs. J. Thomas; Second Vice Pres., Mrs. J. M. Jackson; Recording Sec'y, Mrs. A. Smith; Cor. Sec'y, Mrs. J. Felker; Treas., Mrs. J. T. Chittick; Supt. of Christian Stewardship, Mrs. McIntyre; Cradle Roll Supt., Mrs. E. Hopkins and Mrs. J. B. Smith. At the close of the meeting dainty refreshments were served by Misses Margaret and Lillian Chittick.

HEALTHY HAIR--NO MORE DANDRUFF

USE PARISIAN SAGE
It's entirely needless to have unsightly, matted, thin or faded hair. A little care is all that is needed to make it thick, pretty, perfectly healthy and free from dandruff.

Use Parisian Sage--it supplies hair needs and is absolutely harmless. It quickly stops itching head and falling hair, and is one of the best tonics to invigorate the scalp and make the hair grow long and beautiful.

Get a bottle of Parisian Sage today from W. M. Stewart Drug Co. or at any drug counter. It costs but 50 cents. Rub it into the scalp--all dandruff disappears--your head feels fine--the hair is pretty and perfectly healthy.

GROWING OLD

A little more tired at close of day,

A little less anxious to have our way,

A little less ready to scold and blame,

A little more care for a brother's name,

And so we are nearing the journey's end,

Where time and eternity meet and blend.

A little less care for bonds and gold,

A little more zest in the days of old,

A broader view and a saner mind,

A little more love for all mankind;

A little more careful of what we say,

And so we are faring and won the day.

A little more love for the friends of youth,

A little less zeal for established truth,

A little more charity in our views,

A little less thirst for the daily news;

And so we are folding our tents away,

A passing in silence at close of day.

A little more leisure to sit and dream,

A little more real the things unseen;

A little bit nearer to those ahead,

With visions of those long loved and dead;

And so we are going where all must go,

To the place the living may never know.

A little more laughter, a little more tears,

And we shall have told our increasing years;

The book is closed and the prayers are said;

And we are a part of the countless dead,

Thrice happy, then, if some soul can say,

"I live because he has passed my way."

Strawberries

We think our Strawberries are generally the best in Grimsby. At least our customers say so. This week we receive them fresh every day (by express) from the berry fields. Let us have your order, for we know our berries will more than please you.

This Store Recommends
JAP-A-LAC

because it gives a "finish" to any household article that no mere varnish can give.

JAP-A-LAC

the Furniture-Saver

WHEN you start on your campaign of home-beautifying this Spring, don't just ask for "varnish" -- ask for JAP-A-LAC; and don't be content with anything but JAP-A-LAC. Always put up in Green Tins, bearing the name "GLID-DEN." Made in 21 beautiful colors, providing for every possible requirement of the housewife, JAP-A-LAC is indeed a wonder-working aid in keeping furniture, floors and woodwork "spic and span."

No matter how badly scratched or marred a piece of furniture may be, a coat of JAP-A-LAC will make it look like new. It covers up the scratches and produces a beautiful, brilliant, durable finish. Quickly and easily applied. No experience required.

Ask your local hardware store for the JAP-A-LAC color card and book entitled "A Thousand and One Uses of JAP-A-LAC."
